

# R-29S

The new Ranger R-29S is another masterpiece of innovation! The more modern styling features a curved front window and an overhead glass atrium that provides exceptional visibility from the helm station and salon area. An ingenious aft cockpit seating arrangement includes a reversible seat, port and starboard jump seats and a teak table for outside dining. The opening cabin bulkhead with reversible seat also provides additional cockpit seating while bringing the outside-in.

The Ranger Tug 29S accommodates up to six adults on three separate berths, including the forward island berth with en-suite head. The R-29S is powered by a safe, fuel efficient 260 HP Volvo Inboard Diesel engine that is located completely outside of the cabin for quiet cruising. Standard stern and bow thrusters make docking exceptionally easy.

## Specifications

LOA molded	28' 10"	8.79 m
LOA rigged (w/swimstep)	33' 4"	10.16 m
Beam	10'	3.05 m
